productivity extensions and apps

Sharyar Ahmed

Full Stack Developer & System Architect

Full-stack developer with 5+ years of experience building premium web applications, secure APIs, and operational portals. Combines product design sensibility with scalable engineering across frontend, backend, cloud, and data systems.

EXPERIENCE

Web Designer & Developer 2025–Present

Tera Nest Properties LLC · Dubai, UAE

- Architected and launched a high-performance corporate real-estate portal.
- Built secure listing-sync, mobile search, and automated lead-generation systems.

Web Designer & Developer 2023–2025

Koflet IT and Network Services · Dubai, UAE

- Delivered responsive portals, digital brand systems, analytics modules, and API integrations.
- Improved API load time by 30% through caching and payload reduction.

IT Specialist 2020–2023

Christian and Werner Document Clearing · Dubai, UAE

- Automated document workflows and maintained internal networks, hardware, and backups.
- Managed access controls, cloud access, security compliance, and monitoring tools.

Lead Designer & Developer (Freelance) 2018–Present

Independent Projects · Dubai, UAE

- Built logistics trackers, booking modules, e-commerce checkouts, and SEO-led web experiences.
- Delivered work for Zain Courier, Gulf Express, UAE Discount Hub, and Buy Fast.
